

# VISTA Installation Of SDDOT Electronic Bidding System Version 6.00

**DO NOT DELETE ANY FILES**

## System Requirements

The minimum recommended requirements to run the Electronic Bid System are:

Hardware: Pentium Processor with 32 MB of RAM  
Printer

Software: Windows Vista  
Internet connection  
Web browser

Requirements for electronic bid submission:

Authenticated Digital certificate issued by USERTrust, Inc.  
Access to the USERTrust data repository  
Internet Explorer Version 5.1 or higher

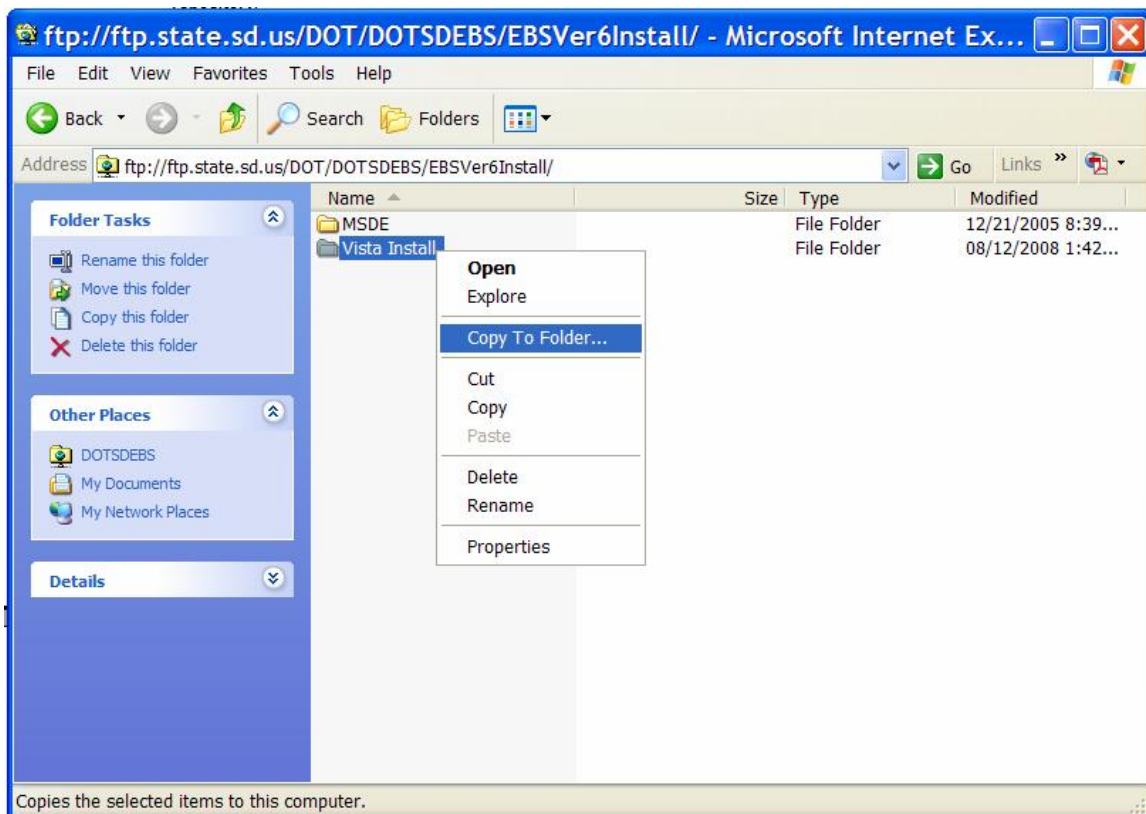

**NOTE:** Internet Explorer version 5.1 or later is required to access the USERTrust bid data repository.

It is desirable to have E-mail software (e.g., Outlook, Outlook Express), but not a requirement. As you submit a bid electronically, messages will be presented to you. The messages will also be duplicated in an email from USERTrust and sent to the Email address from your Digital Certificate application. It is your responsibility to notify USERTrust if you change your email address.

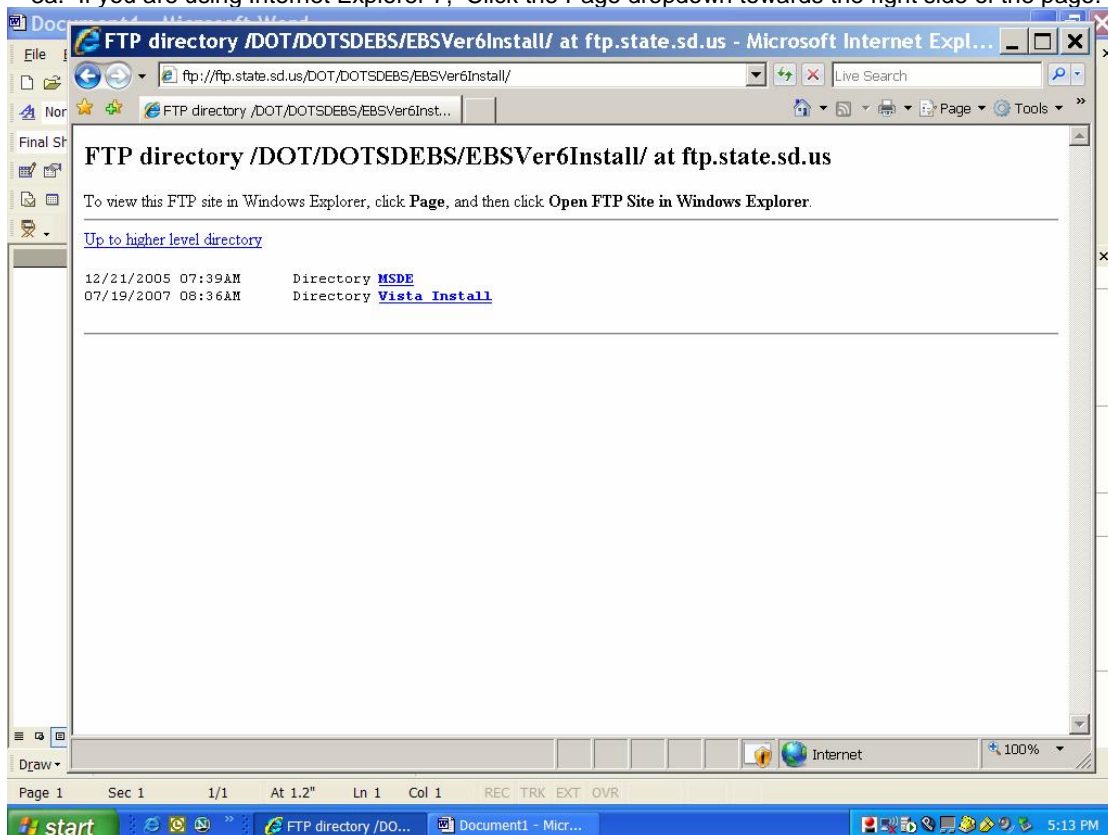

## Download and Install

The SDDOT *Electronic Bid System - Bidding Program* (EBS software) can be downloaded from the SDDOT Construction Website and installed on your system's hard drive.

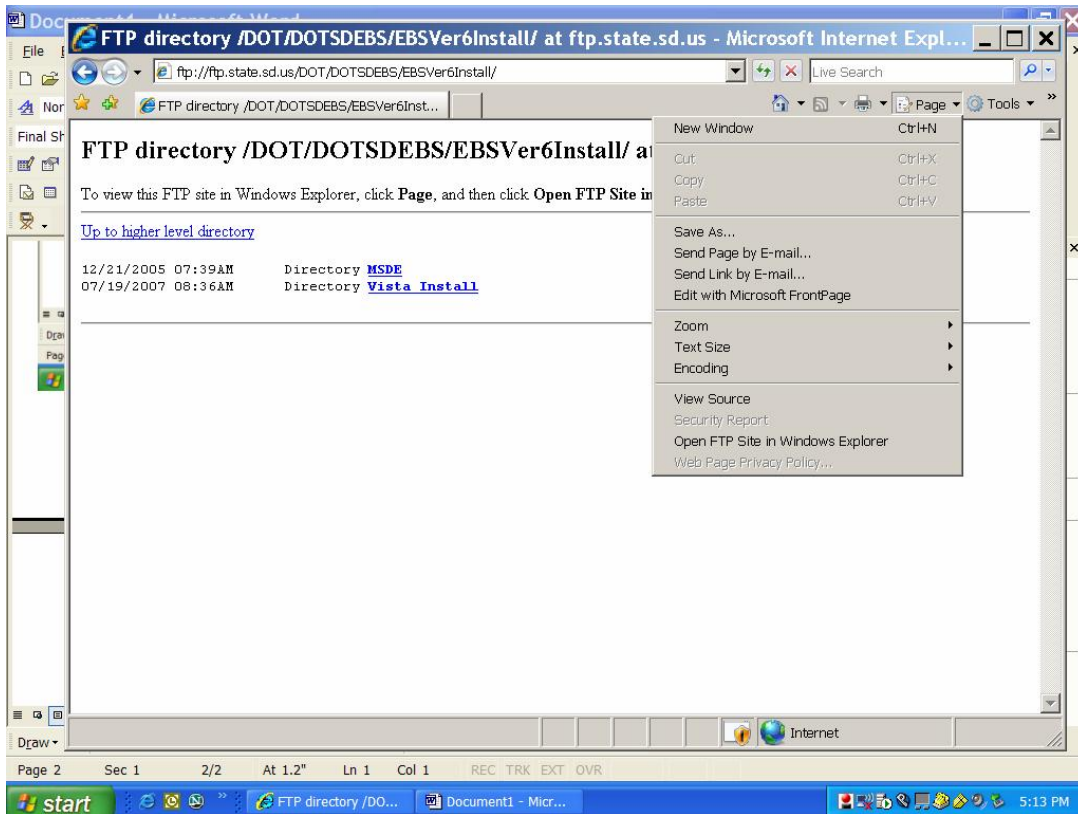

1. Create folder to contain downloaded application files. (ie. C:\SDEBS)
2. If this folder has already been created, then skip step 1.
3. Copy all files and folders from the Vista Install folder located at [/ftp://ftp.state.sd.us/DOT/DOTSDEBS/EBSVer6Install/](http://ftp.state.sd.us/DOT/DOTSDEBS/EBSVer6Install/) to the C:\SDEBS folder. To do this, right click on the Vista Install folder, select the menu option 'Copy to Folder'. In the Save In dropdown box, select the C:\SDEBS folder. Then Save.

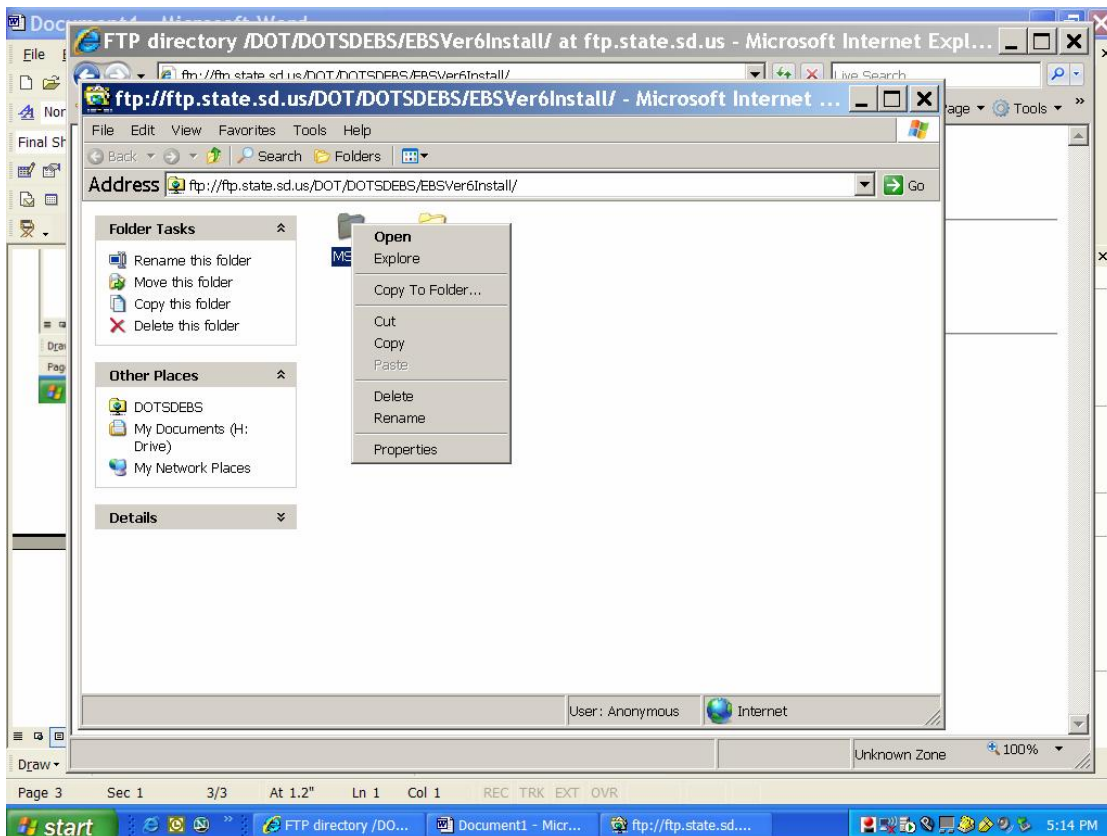

3a. If you are using Internet Explorer 7, Click the Page dropdown towards the right side of the page.

Choose the option to open FTP Site in Windows Explorer

Right Click on the Vista Install folder and select Copy to folder. In the Save In dropdown box, select the C:\SDEBS folder. Then Save.

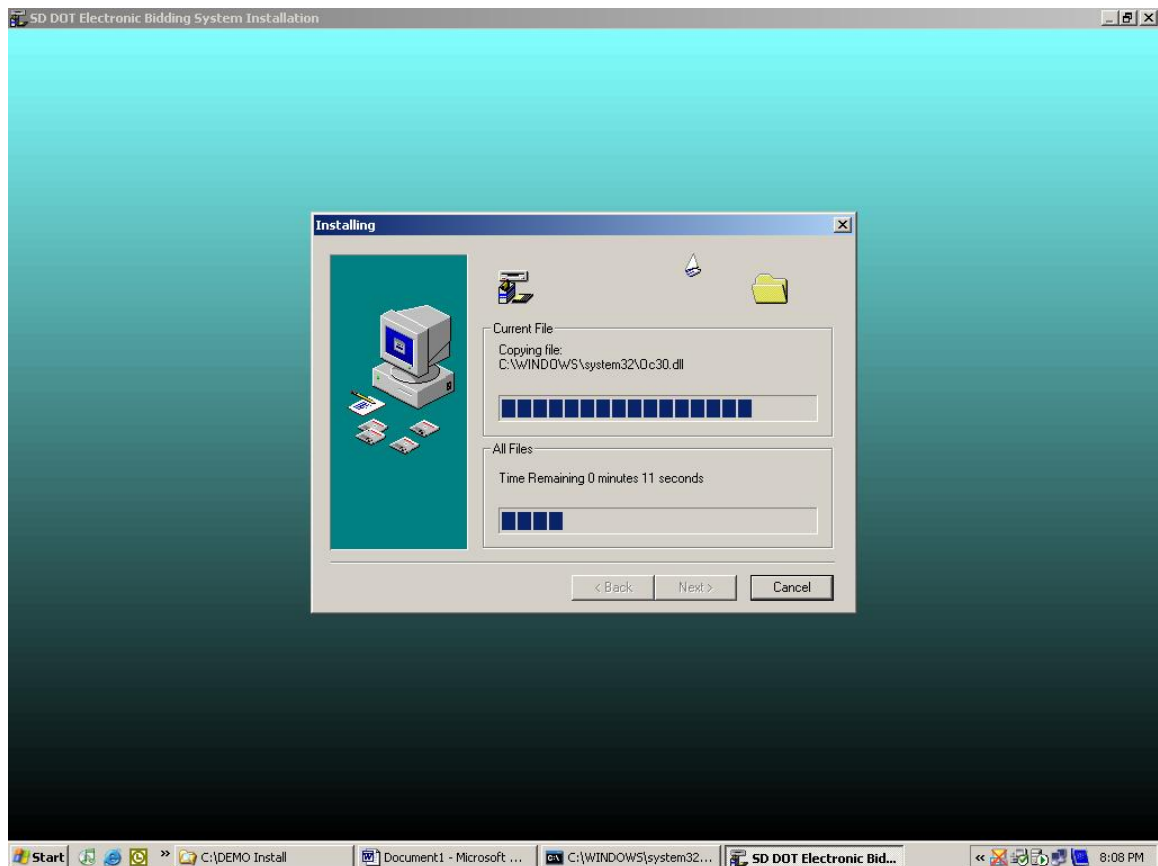

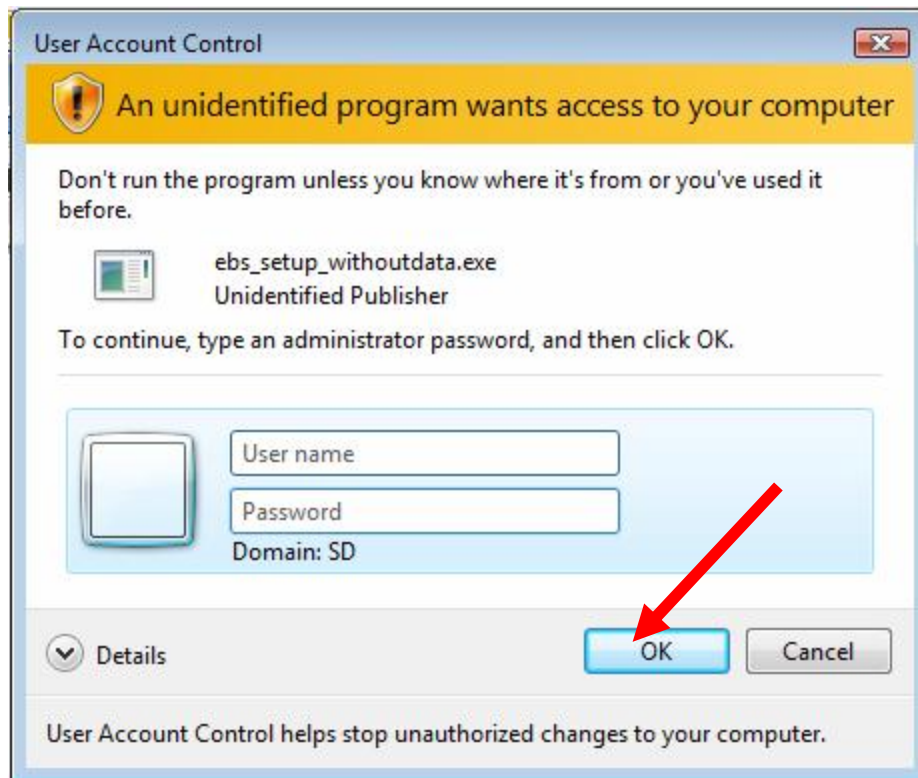

4. After completing the download, open your C:\SDEBS folder on your computer. Double click the file **setup\_withoutdatawvista.bat** to install the application

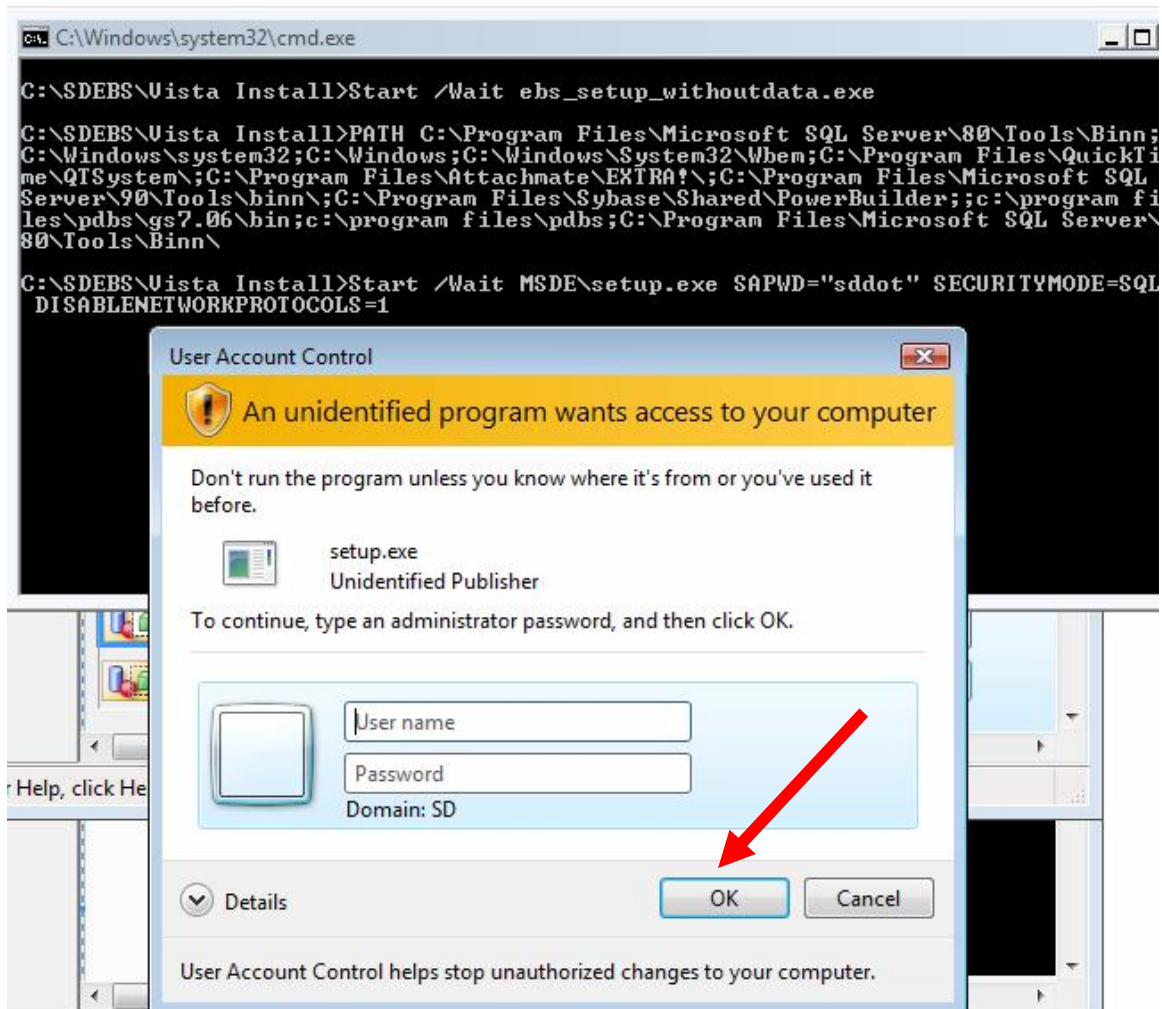

5. The following screens will show:

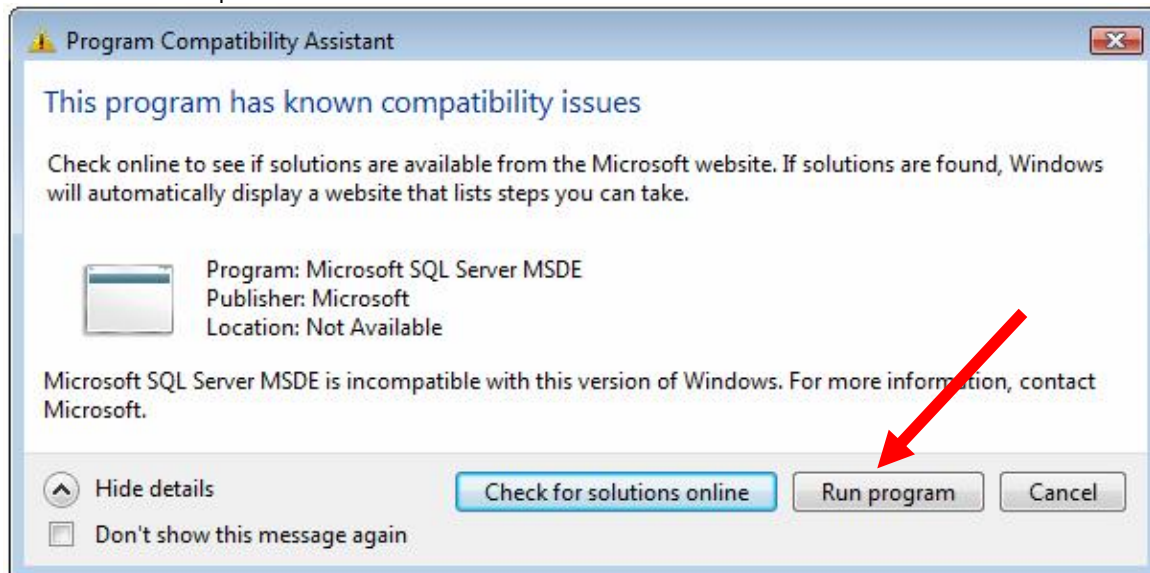

**Instead of the screens below where you need to type in user name and password, you may be asked to allow or disallow, select the allow option. On those where you need to type in a user name and password, do so and click OK.**

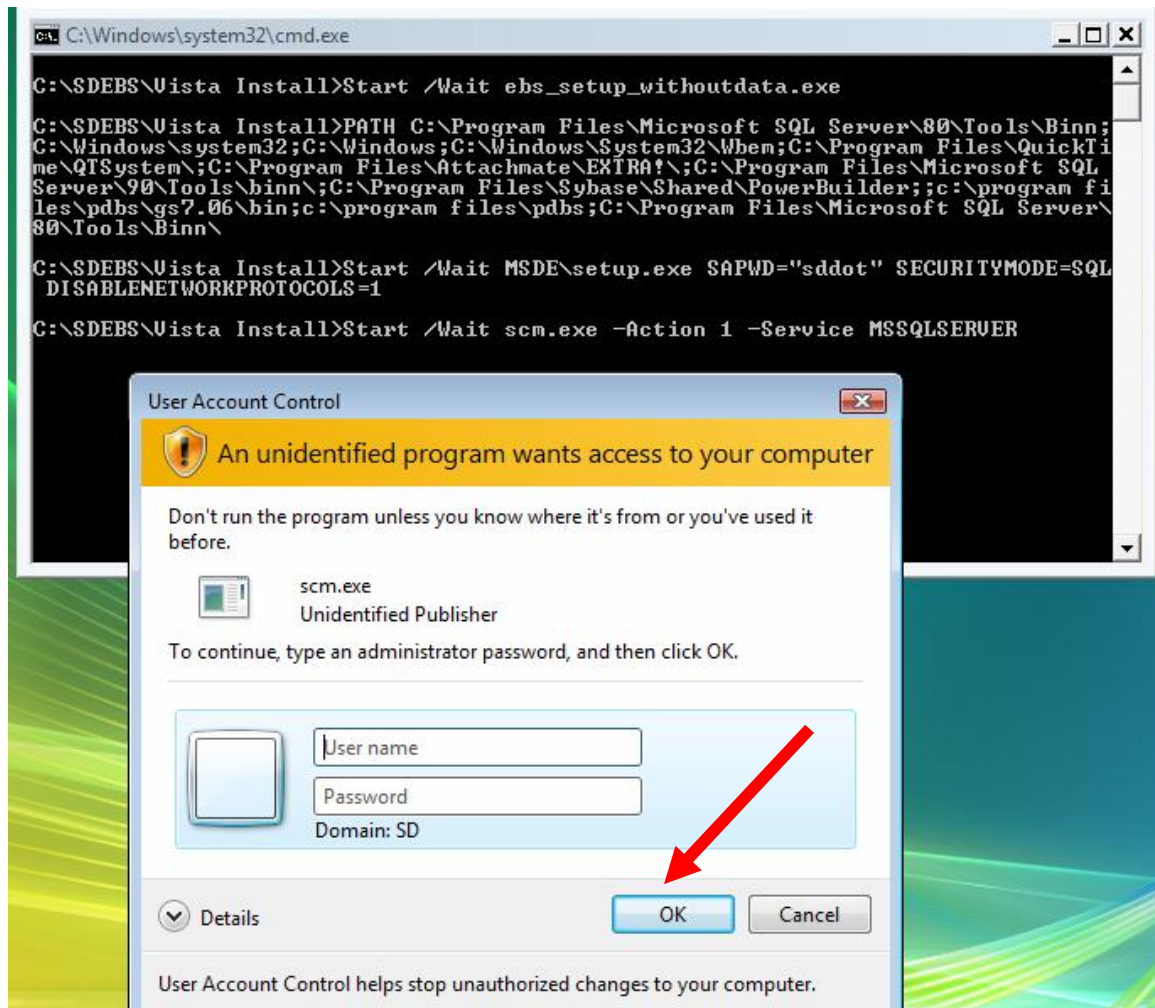

6. These screens set up the database

Select the Run Program button.

The following screen may show:

Select OK on the message 'The Instance Name specified is invalid'.  
Do nothing with the message 'Please wait...'

Click the okay button, the database service has been started.

This screen is just for information

The following screen shows when set up is complete for version 6.00

## Download and Install

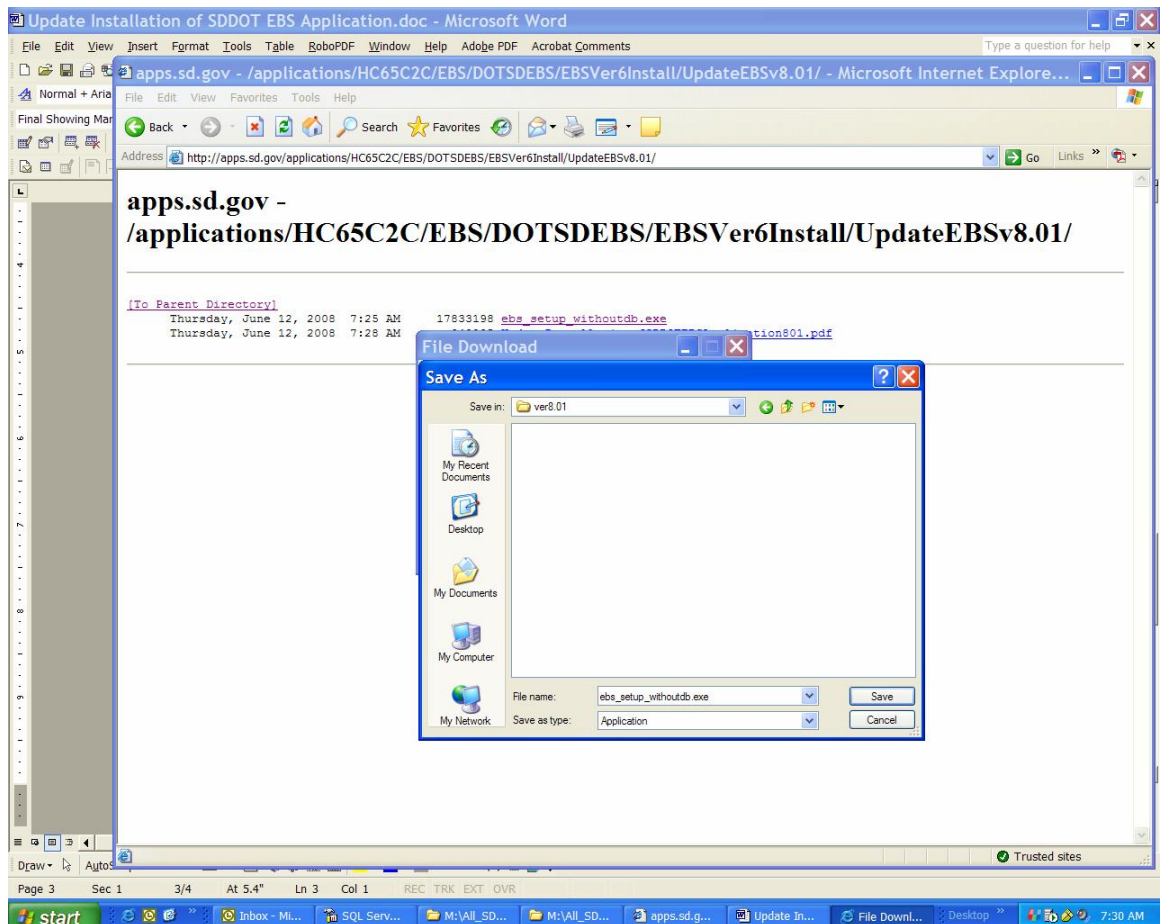

**NOTE: If your current version is less than version 6.00, then you will need to install version 6.00 first. Please see EBS Contractor Program - Re-Installation - Full Version 6.00 at**

**[SDDOT / Operations / Bid Letting / EBS Lettings](#)**

The SDDOT *Electronic Bid System - Bidding Program* (EBS software) can be downloaded from the SDDOT Construction Website and installed on your system's hard drive.

1. Create folder to contain downloaded application files. (ie. C:\SDEBS\vers8.01)
2. Copy the file **ebs\_setup\_withoutdb.exe** from <http://apps.sd.gov/applications/HC65C2C/EBS/DOTSDEBS/EBSVer6Install/UpdateEBSv8.01/> to folder. To copy, right click on the file and choose save target as. If you receive a message that the file already exists and it asks if you would like to overwrite the existing file, click the Yes button.

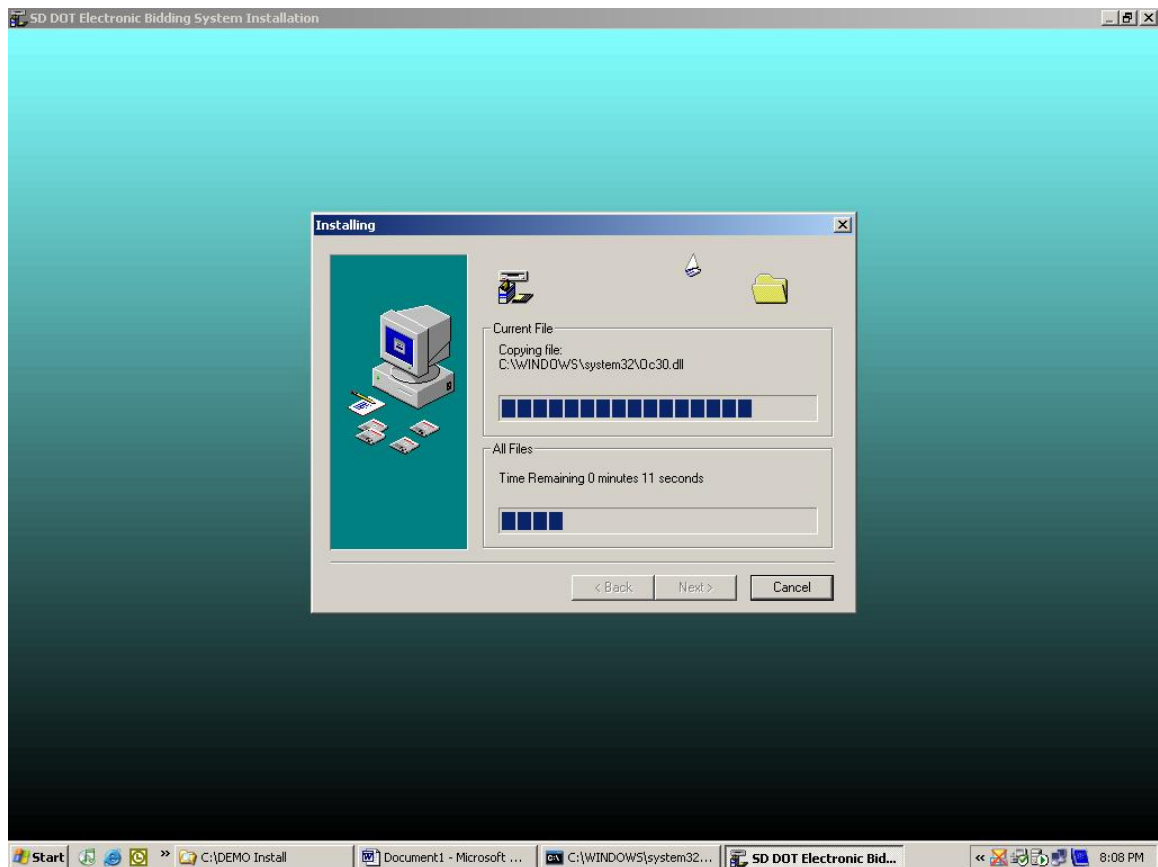

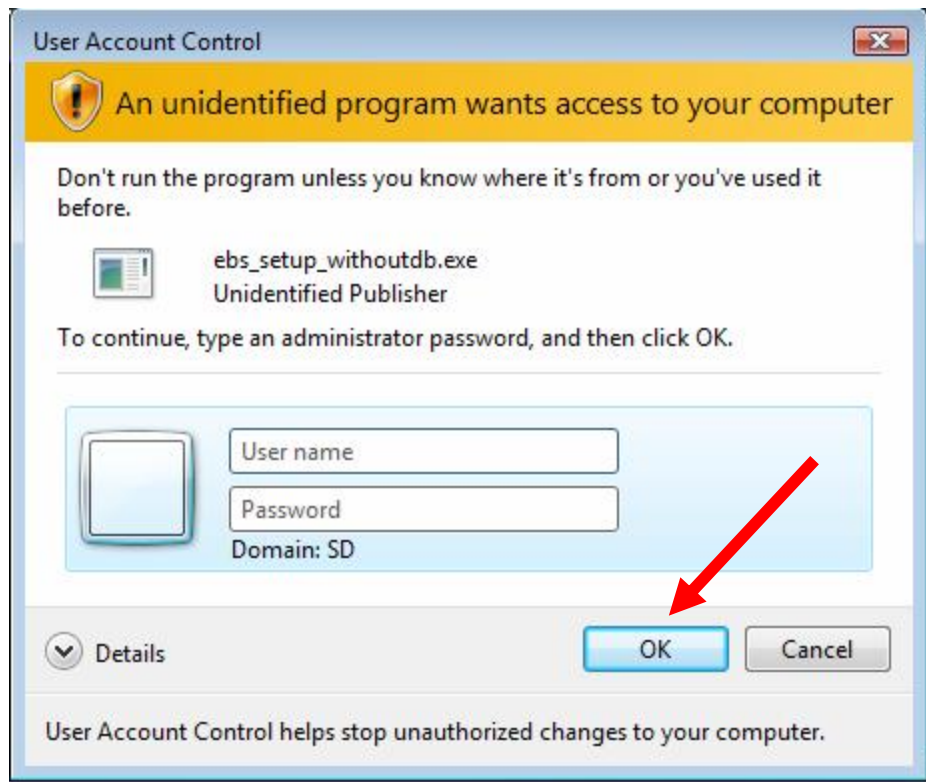

3. Once the file has been copied to your C:\ drive, double click the file **ebs\_setup\_withoutdb.exe** to install the application. **If the file ebs\_setup\_withoutdata.exe is also in this folder, do not double click it.**

4. The following screens will show:

**Instead of the screens below where you need to type in user name and password, you may be asked to allow or disallow, select the allow option. On those where you need to type in a user name and password, do so and click OK.**

# Starting the Program

To run the EBS software, locate the software by going to **Start, Programs**, and then selecting **SDDOT Electronic Bidding System Program** or by double-clicking on the EBS icon installed on the desktop.

If a contractor profile has not been previously defined to the EBS software, a 'contractor information is required' message will display. After replying **OK** to the message, your contractor information can be entered in the 'Contractor Information' Window. If a contractor profile has already been defined, you will not receive this message.

Make sure the top line says SDDOT Electronic Bid System: Program Version 8.01
